It generally is 7 percent (3 percent in the case of certain public utilities) of investments in new tangible personal property (except livestock) and depreciable real property, except buildings and structural components of buildings, used in manufacturing, production, extraction, transportation, communications, and certain other services. No credit is allowed for property with a useful life of less than 4 years, nor generally for replacements (to the extent of insurance proceeds) of property destroyed by fire or other casualty or stolen. For property with a life of 4 to 6 years, one-third of the investment is taken into account; for property of 6 to 8 years, two-thirds is taken into account; and for property with longer lives, the full amount of the investment is taken into account. Purchases of used property, up to \$50,000 worth, also are eligible for the credit. The credit may offset tax liability in full up to \$25,000, but above that point the credit may not reduce tax liability by more than 25 percent. Any unused credit may be carried back for 3 years (not before June 30, 1962) or forward for 5 years and used in those years to the extent there is sufficient tax liability under the applicable limitation. The basis of the property (for depreciation...
