## DE KOONING: A RETROSPECTIVE

Thames & Hudson Mrz 2012, 2012. Buch. Condition: Neu. Neuware - Published in conjunction with the large-scale, all-medium, posthumous retrospective of Willem de Koonings career at The Museum of Modern Art (MoMA), this book offers an unparalleled opportunity to appreciate the development of the artists work as it unfolds over nearly seven decades. Representing nearly every type of work de Kooning made, in both technique and subject matter, this retrospective includes paintings, sculptures, drawings and prints. Among these are the artists most famous, landmark paintings among them Pink Angels, Excavation and the celebrated third Woman series plus in-depth presentations of all his most important series, ranging from his figurative paintings of the early 1940s to the black-and-white compositions of 1948/49, and from the urban abstractions of the mid 1950s to the artists return to figuration in the 1960s and the large gestural abstractions of the following decade. Also included is de Koonings famous yet largely unseen theatrical backdrop, the 17-foot-square Labyrinth (1946). With lavish, full colour documentation, this volume is the most complete account of de Koonings career ever published. 504 pp. Englisch.
