John Hunt Publishing, United Kingdom, 2011. Paperback. Condition: New. Reprint. Language: English . Brand New Book. What happens to us when we die? Many think of heaven as an unimaginable state of bliss. As for hell, it s far out of proportion to any sin we might have committed and makes a travesty of God. But what if the afterlife was something very different? The key to such knowledge is mediumship. Three decades of research have taught the author, a world expert in the field of death and afterlife studies, who the most reliable voices are. These accounts are far better developed and more plausible than anything found in the world s scriptures or theologies. Taken at face value, they represent the vivid experience of spirits, or ex-humans, eager to tell about their amazing world, and ours in a few short years. We hunger for a reliable revelation telling us that life here and now is meaningful and good, that each of us has an important part to play in its proper unfolding, that we are accountable for all we do, and that the godless materialism all around us is a pathological mistake. The world ahead, unlike ours, is fascinating and fair. Authentic mediums may be the closest thing to the voice of God that our planet has.
