iUniverse, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The phenomena of ghosts and hauntings are very real experiences that more and more people are encountering every day. It is their true cause and nature that is the ongoing mystery. In Paranormal Investigations, author Chad Stambaugh discusses the process of trying to find that one piece of evidence that could prove, without a doubt, that ghosts are real. Paranormal Investigations shows both the beginner and the professional when and how to correctly operate the different types of equipment integral to a paranormal investigation—cameras, camcorders, voice recorders, digital video recorders, EMF detectors, dowsing rods, pendulums, and more. In addition, Chad breaks down, step by step, the correct procedures for conducting both public and private investigations, including how to deal with clients, what to look for, how to look for it, and how to document an investigation. Through this detailed guide, Chad works toward creating paranormal unity among those who research the events or phenomena that science can't or won't explain.
